35,000

M³ MERSIN, TURKEY

40,000

M³ ALEXANDRIA, EGYPT

Maya Trading holds significant storage capacity located in the strategic energy hubs of Turkey and Egypt. With 35,000m^a in Mersin and 40,000m^a in Alexandria close to the key maritime gateways of the Bosphorus Strait and the Suez Canal, enabling Maya Trading immediate access to supply and demand flows linking the Black Sea, Mediterranean, Middle East and European markets.

We can minimize market price differentials via break bulk, blending, processing or end product substitution, or by cross commodity spreads through tolling in our oil storages.

Planning ahead

EXPANDING FASTER. REACHING FURTHER.

01 We aim to increase our markets, with a particular emphasis to Africa and Asia, adding significant volumes to our current pipeline of origination.

02 Achieve an exponential and organic growth to cater the needs of our clients by creating added value for our Stakeholders.

03 Increase our storage capacity in strategic locations to ensure uninterrupted product supply to our clients.

Expanding faster. Reaching further.

Thank you.
